

CENTRAL WATER & SEWERAGE AUTHORITY

INVITATION TO TENDER

SEA WATER REVERSE OSMOSIS DESALINATION PLANT

The CWSA is inviting a suitably qualified individual or firm to submit tender for a consultancy to perform the design of Intake and Outlet structures for a **Sea Water Reverse Osmosis (SWRO) Desalination Plant** on the island of Bequia, under the Bequia Sustainable Water Supply Project. The submission should be guided by the Terms of Reference contained herein.

TERMS OF REFERENCE

Consultancy for the Design of Intake and Outlet Structures for a SWRO Desalination plant.

The complete tender document can be obtained electronically on the CWSA's website, www.cwsasvg.com, under the Engineering – Tenders section, or physically from the offices of the CWSA, New Montrose, between the hours of 8:30 a.m. and 3:30 p.m. – Mondays to Fridays. No fee is required.

Complete proposals must be placed in an inner and an outer sealed envelope both addressed to the General Manager clearly marked **“CONSULTANCY FOR DESIGN OF INTAKE AND OUTLET STRUCTURES, BEQUIA”**. Emailed offers will be accepted if they are password protected, to cwsaadmin@cwsasvg.com. Password to be provided on request at the time of bid opening.

The deadline for submissions is July 10th, 2026, at 4:00 p.m.
All queries should be emailed to llulley@cwsasvg.com no later than July 3rd, 2026.
