**Assignment Title: Appointment Scheduler for the 2026 Labour Demand Survey (LDS)
Reference No.: SVG-DDMP-CS-INDV- 38**

The OECS Data for Decision Making (DDM) Project (the Project) is a regional project that seeks to improve the capacity of participating Eastern Caribbean countries to produce and publicly disseminate statistical data for country and regional level analytics. It will be implemented by Grenada, Saint Lucia, St. Vincent and the Grenadines, and the OECS Commission. The Project seeks to achieve its objective by strengthening both national and regional level capacities and fostering regional coordination.

The Department of Labour (DoL) and the Statistical Office (SO) together with the National Insurance Services (NIS) are the principal agencies of government charged with the overall responsibility of collecting, analysing and disseminating labour and employment data in SVG. With technical and financial resources from the International Labour Organisation (ILO), the DoL developed the SVG Labour Market Information System (SVG-LMIS), officially launched in 2011. The system design also proposed the establishment of the National Survey Programme to be coordinated by the SO in conducting periodic household and establishment surveys. The establishment surveys are intended to provide information on labour demand and supply flows as well as on unfilled vacancies within establishments. It is expected that results from these periodic surveys would provide detailed information on job creation or job losses by reason, industry and occupation as well as difficulties that employers might have in finding suitable labour.

The DoL in collaboration with the SO conducted establishment surveys referred to as the Labour Demand Survey (LDS) in the years 2014/2015, 2020 and 2022. The DoL will be conducting an LDS in October 2026 with the possibility of conducting another round in 2027. The survey will be managed by a Survey Administrator, who will assign roles and responsibilities to the survey team under their supervision. The Survey Administrator will also work closely with the Appointment Scheduler(s) in setting appointments for interviews with establishments.

The Ministry of Finance and Economic Planning now invites eligible Consultants to indicate their interest in providing the Services. The expected activities to be carried out by the Consultant are:

Scope of Work

Training and Preparation

- Attend all training sessions conducted on how to carry out this survey.
- Review and be familiar with the Enumerator's and Field Supervisor's manual, the survey questionnaire, and other relevant materials distributed at training sessions

Appointments and case management

- Assist Survey Administrator in making initial contact with sampled establishments in the Business Register/Sampling Frame to validate physical locations.
- Set up, on behalf of DoL, and secure viable survey appointments/meetings to facilitate data-collection with sampled enterprises, ensuring that appointment dates do not conflict with any date previously set for another enterprise.
- Follow up with all necessary parties to validate that all scheduled initial meetings/appointments between enterprises and enumerators are still operational.
- Liaise with all parties to effectively respond to and address approved changes and preferences to schedules. In consultation with the Survey Administrator make needed changes to appointment/meeting schedules for survey enumeration based on approved requests, changes and suggestions.
- Attend meetings with assigned personnel, DoL and SO as required, and share notes of these meetings with the Survey Administrator.
- If required to perform the duties of a Field Supervisor, he/she MUST, before so doing, receive approval from the DoL.

Reporting and Communication

- Submit reports and results to the DoL and Survey Administrator as requested.
- Execute any additional related duties or instructions issued to him/her by the Labour Commissioner or a designate during the course of his/her engagement.
